(Z57.4) DESIGNER'S NOTES

This product was born out of requests by our customers to have all of the non-SSD data about Tholian ship descriptions including their fighters, bombers, and fast patrol ships presented in one product to make it easier to look things up. All ships are in rule number order to make searching through the book for a specific unit as simple as any reference book.

The ship descriptions were formatted to include relevant refits applicable to a given unit, and special considerations, such as special sensors, whether a given ship is a carrier or

fast patrol ship tender, scout or commando ship, or some or all of these included. Commando ships were all spelled out as to their landing forces and whether or not they could, themselves, land on planets.

Further, all information that had been published in *Captain's Logs* as of the date this product was completed were also included. Ships prior to *Captain's Log #26* had all been published, but any unit that has not been formally published from *Captain's Log #26* through *Captain's Log #53* has been included.

This book also includes all Tholian ships which have been published from the Early Years, and those equipped with advanced technology.

As of its date of publication, this book is the most complete accounting of all Tholian ships, bombers, fighters, fast patrol ships, Interceptors, and ground forces organizations in the game system.

We hope that you enjoy this book and stay in touch.

You will notice on our webpage:

www.StarFleetGames.com that you have several avenues to follow ADB. "Discuss" takes you to our BBS, where most of the game development takes place. "FC Forum" takes you to our Forum, which is more of a traditional forum to meet other players. You will also see that you can follow our page on Facebook (great for snippets of information and lots of art) and our Twitter account.

Want to find more players? Try our re-vamped Starlist: <https://www.starfleetgames.com/starlist.shtml> and we will send you a list of players near you.

As we say around here, "Don't be a stranger!"

DEDICATION: The Maintainers, the unsung heroes who perform the necessary tasks to keep the combat forces supplied and able to conduct their assigned missions, whose efforts insure that the ships and planes of the forces are ready to respond at need to the actions of aggressors.

No victory is possible without well supplied and well maintained material resources.
