Flash Forward

It's been a good six months since our last issue. We have released a lot of new products, and have more ready for Origins. We're looking forward to seeing so many of our friends there this summer, and saying a prayer for those who miss the convention because they are overseas in uniform.

Our new bookbinding machine will do a better and faster job than the veteran machines we have used for five years.

We have begun a serious push into selling PDFs of selected products.

The next six months promise to be just as good, or perhaps better. We will launch a new product line with *Star Fleet Marines: Assault!* and will continue exploration of the Early Years with *Module Y3*. November will bring *Captain's Log #42* which is already shaping up as a very exciting issue with a great lead-off story.
