THE FRENCH FLEET...Counters and a Directory for the Games RN and CA  
COMPARISON.... ..Brang nacht Osten and War in the East. Which is better?

The rest of that issue, and future issues, will be decided by you. We have the following articles ready or in Preparation. You will select the ones for publication:

Several Articles on Sniper.  
Expansion for PBI.  
New Panzerblitz scenarios.  
Campaign Sinai (including 1948).  
The Italian Campaign in Panzer Armeee Afrika  
Command Control: There must be a better way!  
FTX:The playtest binges of JP HQ (Midway in the Pacific, Invasion of Kyushu in PanzerBlitz, Campaign Luftwaffe, the Destruction of Nato group Centre, etc)

ICW News is going to be pretty short this time out. We now have 600 members and 50 Chapters. Beginning with next issue, the three most "active" Chapters will be awarded a free game or back issue of JP and recognized in JP. Chapter activity will be judged on the basis of communication with their Senator and with us, participation in PBM games, subscriptions to JP and the NL, and any activity which results in increased National Publicity (favorable, of course) for the ICW as a whole.

#### SOME NASTINESS

The following is an unpleasant but necessary rejoinder to some of the Crap other organizations have printed about us.

1. Although the basic organization that is now the ICW grew out of the old SS JagdPanther Korps, only two of the Officers of that organization remain in office. The rather obvious and complete reversal should speak for itself.
2. A certain LP is claiming that we are sending him unsigned nasty notes, and can show the notes to prove it. It may be of interest to some of you to know that Rick Pavek (remember him?) maintains a home in Amarillo, openly writes for LP, and lives only a few miles away from him. Any wonder how the Amarillo Postmark got on them.
3. Last night I saw a little Green man jump over a fence. If you don't believe me, I'll send you a picture of the very fence he jumped over.
4. One RL has announced that he is not and never was a member of the ICW. This seems odd, as the letter from him accepting the membership, Chapter Charter, & Senate Position is on my desk. Hmmm? He seems to have used his position for the free advertising it allowed him to use,

Other articles are in preparation. These are ready or about so. Express your opinions in a letter to the Editor.

Those wishing to call may usually find Steve Cole at home 7-10 weeknights. 306-352- 163.

RECENTLY, the Beloved Commander of the Guards Corps (also chief of playtesting and Adjutant of the ICW, besides Air specialist), Mr David Hoover, was awarded the highest Honor that can be awarded an Air Wargamer in the ICW. In a simple ceremony viewed by only his family and 400 close friends, he was made a Knight of the Order of the Gookwahr of Baum. Our Congratulations to the new Gookwahr.

but cut and run when we wanted some support in a squabble.

5. The review of Poland 1939 that appeared in Signal and WWE has nothing to do with the game in print now, and even less to do with the game as printed at that time. Mr P is going to regret it. I hope that the Editors of those publications have the integrity to retract the reviews. They have been sent copies.

Anyone who doesn't feel that we are justified in printing the above is encouraged to write me about them. S V C

Make Checks Payable to JagdPanther. All returned checks will be assessed a service charge of \$2. We will accept up to \$1 (US value) of foreign currency or postage stamps from subscribers in such countries.

If, for some reason, you got something you didn't order or don't want, write to us first. This allows us to find out who didn't get what he was supposed to. Under no circumstances return it without our instructions. We will either pay the postage or tell you to keep it.

Our Cover was done by the Wazoo.

This issue may not look as nice as the last one, but, consider that we had one month less that usual to prepare it, and printed two games during that time.
