

# Land Ships

**Avalon Games**

“Come on your iron bitch” Called the Captain as he tried to steer the damaged land ship into a better position so their heavy cannons could be brought to bear.

“Captain!?” Called the first mate in concern, “If we move out of the cover of the woods, we will be blown to bits.”

“Don’t tell me you expected to live through this battle?” Laughed the Captain as he ordered the cannons to fire on the massive land ship that appeared across the open field before them.

This is Land Ships, another great Mini-Game from Avalon Games. Land Ships takes war in the Victorian age and stands it on its head. What if Jules Vern and H.G. Wells had gotten it right just a little bit closer to home, what if the great powers had taken steam power and used it to craft great engines of war and destruction. This is Land Ships, a world where an alternate reality exists, one where science has allowed kings and empires to forge massive war machines, tank like creations but on a massive scale.

Lead a grand army of steam powered behemoths made of iron and brass across the battlefield, while all the time trying to defeat you foe’s own massive monsters of metal and steam.

Fully expandable, each set for this system will allow you to play forces from different factions, adding new war machines, map boards and exciting fun.

**Note that this is not a complete game, and requires that you have a copy of the master rules, available with the first set in this series.**

## Jorn

The Smiths of Jorn are by far the best builders of Land Ships, these masters of iron and their industrial factories produce some of the best wear machines in the lands. While they may well product the best machines, they are fair less able to use them and product some of the weakest troops in the world.

### **Worlds of Wonder**

Worlds of Wonder is a fast, simple to play RPG system designed for use by advanced players who wish to create detailed characters without having to roll on endless charts and deal with endless rules.

After 30+ years of playing, running and designing games, be they RPG's or board games, we at Avalon have come to one conclusion. Its not the game's rules that make it enjoyable, but the people you play with. With that in mind, Worlds of Wonder takes the most important aspect of any RPG, the character creation, and tries to offer players, and their GM, the tools needed to make the time spent playing together well worth the time spent creating the characters.

### **Worlds of Wonder Expansions**

Want more Worlds of Wonder? Try one of the many expansions for the system. More monsters, foes, magic, skill sets and gaming stuff to keep you occupied for weeks, months, hell maybe for a lifetime. Ever expanding, the WoW system is made for gaming fun, so don't wait, have an adventure and enter Worlds of Wonder.

### **Arcana**

Arcana is generic world, designed for use with any Fantasy RPG System, and so the information presented here and in other Arcana expansions will of course be a bit vague as to stats, levels and powers. The intention is to give the GM and players a world rich in personality, history and depth, one where they can seek adventure, but use any RPG system they feel most conferrable with.

The basics of the game world are presented here in the core book, but as expansions are released, the complexity of the world will grow as more and more of its history, dangers and wonders are explored. When it is all said and done, Arcana will become a vast world of detailed and expansive depth, one where that you and your friends can full explore.

**If you liked this game then try one of Avalon Game's Mini-Games, such as Heroes Inc, a great super hero addition to the S&G game line.**

(Click [here](#) to visit this product's page at RPGNow)

Major Glory hit the Brute with a might upper cut, sending the villain high into the air to then crash into the bus across the street. The hero cringed at the damage being done in this brawl with the Brute, the Mayor would not be happy when he watched the news tonight. With a growl, the Brute climbed his way out of the wreckage of the city bus and charged Glory again. Someday, the hero thought to himself, as he once more grappled with the incredibly strong super villain, someday he would just have to find a new line of work, something simple, less destructive in nature.

This is Heroes Inc. another great Mini-Game form Avalon Games. Taking the S&G skirmish game system and adding a super hero twist, we have come up with a great comic book hero game. Take your heroes and battle their greatest foes for control of the city. See if you can match the villainous cunning of an arch-fiend, or the super strength charge of some alien menace.

### Special Abilities

**1. Savage Blow (Attack, 3)**  
Grom can make a single savage attack, often killing a foe outright with a single blow of his deadly scimitar. You must declare this ability is being used before Attack Dice are rolled. On a single attack, Grom may add +2 Attack Dice to his total for that attack. (With no limit to the number of dice that can be rolled)

**2. Command (Move, 2)**  
Grom may use his loud demanding bellows to command other orcs near by. When this ability is used, Grom may activate any one orc character, who is within five squares. This activated character may perform one action. (Note that the character may still take their normal actions when their turn comes up.) Gram may perform this ability but once a turn.

**3. Shatter Shield (Attack, 1)**  
Grom often shatters shields and weapons with his mighty blows. Declare this ability before the Attack Dice are rolled. If Grom scores a hit, instead of doing any damage, he may shatter, and thus destroy, a foe's readied weapon or shield (Your choice.) If the foe does not have a readied weapon or shield, then this ability has no effect.  
Magical items gain a save. Roll 1D6, and on a roll of 6+, the item resists the effect. Per five points of the item's cost, over the first five points, adds an extra +1 to the die roll is gained.
