

S&G advanced will take your S&G games and add a whole lot more to the experience. Within these pages you will find several optional rules, which you can use to expand your S&G games. This though, is not a complete game in and of itself, and you will need a copy of the S&G rules, and or one or more of the genre sets to fully use this product.

Include is a fast character generating system as wells as note on the best way to create characters for your games.

### Introductions

The following sets of rules are all meant to be optional additions to your various S&G games. Both players should agree before the game begins, which, if any of these rules are to be used. Note that some of these rules are only available to some of the genre sets, and can only be applied to those sets listed.

### Strength Modifiers for Damage

**(Useable with any genre set)**

In a normal S&G game, the strength of the character has little to do with the amount of damage they deliver in combat. The following chart allows you to apply a modifier to the damage done in a melee attack, based upon the strength of the attacker. Note that this can jack the damage up in a game, and especially in a Heroes Inc. game, so be forewarned.

Character's Strength	Damage Modifier
0 to 2	+0
3 to 4	+1
5 to 8	+2
9 to 12	+3
13 to 20	+4
21+	+5

## Facing

(Useable with any genre set)

There may be times in the game when you need to know how the character is facing. As a general rule, all characters have a 360-degree line of sight about them, but when you need to find a character's facing, consider any square behind of the character to be in the rear facing.

Note that prone characters do not have a facing.

	Rear Facing	Rear Facing	Rear Facing	
	Side Facing		Side Facing	
	Front Facing	Front Facing	Front Facing	

## Facing Modifiers

In the basic system, the facing of your foe has little or no effect on the attack. With this optional rule, you can apply some modifiers to the Attack Roll and Dice, based upon the facing of your target.

- \* Attacking a Foe to their Front Facing: +0 Modifiers
- \* Attacking a Foe to their Side Facing: -1 Attack Score
- \* Attacking a Foe to their Rear Facing: +1 Attack Dice

### **Worlds of Wonder**

Worlds of Wonder is a fast, simple to play RPG system designed for use by advanced players who wish to create detailed characters without having to roll on endless charts and deal with endless rules.

After 30+ years of playing, running and designing games, be they RPG's or board games, we at Avalon have come to one conclusion. Its not the game's rules that make it enjoyable, but the people you play with. With that in mind, Worlds of Wonder takes the most important aspect of any RPG, the character creation, and tries to offer players, and their GM, the tools needed to make the time spent playing together well worth the time spent creating the characters.

### **Worlds of Wonder Expansions**

Want more Worlds of Wonder? Try one of the many expansions for the system. More monsters, foes, magic, skill sets and gaming stuff to keep you occupied for weeks, months, hell maybe for a lifetime. Ever expanding, the WoW system is made for gaming fun, so don't wait, have an adventure and enter Worlds of Wonder.

### **Arcana**

Arcana is generic world, designed for use with any Fantasy RPG System, and so the information presented here and in other Arcana expansions will of course be a bit vague as to stats, levels and powers. The intention is to give the GM and players a world rich in personality, history and depth, one where they can seek adventure, but use any RPG system they feel most conferrable with.

The basics of the game world are presented here in the core book, but as expansions are released, the complexity of the world will grow as more and more of its history, dangers and wonders are explored. When it is all said and done, Arcana will become a vast world of detailed and expansive depth, one where that you and your friends can full explore.

### **Game Geek**

Avalon's Monthly game magazine, inside you will find tones of gaming goodness, Free game, add on materials for many of Avalon's titles, and a monthly section dedicated to S&G, Battle Ax and Arcana. Great game stuff each and every month.

Chuck just stood there and watched as old Mrs. Johnson crawled out of her fresh grave. She had been dead two days, but here she was, dragging herself out of her hole, red eyes hungrily staring at Chuck. Suzy screamed again, but Chuck barely heard his girlfriend's cries of horror as more of the walking dead shambled towards the two of them.

Maybe it was the odd, green colored comet that had hurtled overhead a few hours ago, or perhaps it was the illegal biological and chemical weapons the government truck had spilled across the creek. Chuck thought it was the old voodoo woman's curse that had been placed on the town. Whatever the cause, the dead were walking again and they were hungry for human flesh.

Coming out of his shock, Chuck grabbed Suzy's hand as the two of them began to run. If they could just get out of the graveyard, if they could just reach the gates at the far end of the grave covered field....

This is Graveyard Dash, a fun, fast game of Zombie mayhem. A race between the walking dead and their human prey. Can the people trapped in the graveyard reach its gates and freedom before the ever-growing number of zombies drags them down?

The first of Avalon Games Mini-Games, this and other games like it will allow players to engage in fun, fast, easy to learn board games. Small and quick though, does not mean less fun. No, these games will take you into all sorts of gaming fun, so don't wait, get started today and have a blast of a time.

### Special Abilities

- Savage Blow (Attack, 3)**  
Grom can make a single savage attack, often killing a foe outright with a single blow of his deadly scimitar. You must declare this ability is being used before Attack Dice are rolled. On a single attack, Grom may add +2 Attack Dice to his total for that attack. (With no limit to the number of dice that can be rolled)
- Command (Move, 2)**  
Grom may use his loud demanding bellows to command other orcs near by. When this ability is used, Grom may activate any one orc character, who is within five squares. This activated character may perform one action. (Note that the character may still take their normal actions when their turn comes up.) Gram may perform this ability but once a turn.
- Shatter Shield (Attack, 1)**  
Grom often shatters shields and weapons with his mighty blows. Declare this ability before the Attack Dice are rolled. If Grom scores a hit, instead of doing any damage, he may shatter, and thus destroy, a foe's readied weapon or shield (Your choice.) If the foe does not have a readied weapon or shield, then this ability has no effect.  
Magical items gain a save. Roll 1D6, and on a roll of 6+, the item resists the effect. Per five points of the item's cost, over the first five points, adds an extra +1 to the die roll is gained.

Battle Axe is a simple to play tabletop system for skirmish level battles. Using cards instead of dice, you will find the game to be less luck based and much more tactical in nature. The rules and cards provide here will be enough to get you started, and new characters and rule expansions are on the way so you can continue to increase both the size and composition of your War Bands.
