INTRODUCTION TO CHAMPIONS

Welcome to the superpowered world of *Champions!* Here's where the four-color fantasies of comic books become real; here superheroes and supervillains do battle for the destiny of the human race. *Champions* allows anyone to become a superhero and fight for justice. With these rules and your pencils, paper, and imagination, you can recreate the fanciful world of the comic books and adventure novels. But beware! *Champions* is not a game for the weak at heart. It takes guts, intelligence, and imagination to succeed. Can you meet the challenge?

Champions has all the rules to show you how to create your own unique character. Any power or ability you've seen in the comics can be duplicated with the *Champions* rules; this is your chance to create the character that you want. Once you've created your hero, you'll join other heroes in the fight against evil.

So get out there and BE A HERO!

WHAT'S INSIDE

You've started in the right spot. First, here's a list of what's in the book, so you'll know what you have:

HERO System Rulesbook: The first section of the book, this section has the rules necessary to play *Champions*. The Rulesbook includes introductory material, in case you've never played before. This section also has all the rules necessary to roleplay any type of game, from fantasy to science fiction. It is identical to the HERO System Rulesbook sold separately (so you don't have to buy it).

HOW TO USE THIS BOOK

If you've never played a roleplaying game before, start at the beginning of the HERO System Rulebook. There you'll get an introduction to roleplaying and a review of how the HERO System works. Then you can get a couple of friends together and turn to the introductory adventure in the *Champions Campaign Book* and begin playing. Once you've played the game, then go back at your leisure and read through the rest of the Rulebook.

If you're an experienced roleplayer but unfamiliar with the HERO System, you should also read the beginning of the HERO System Rulebook. But you might also want to read through Character Creation and Combat to get a better idea of how the game works. Then play the introductory adventure and move on to the Mob Rule adventure.

If you're already a HERO player, then you don't need to play the adventure. Read all the way through to catch all the rule changes and additions.

All players and GMs should read the rules all the way through when you have time.
