## Taking It To The Streets

***Heroic Adventures Volume 2***<sup>™</sup> contains six exciting, independent adventures for use with *Dark Champions* or *Champions*.

A maniac kidnaps a wealthy executive's son and is going to blow him up at midnight. Deadly toys rampage through a busy shopping mall. Terrorists are selling nuclear grade plutonium to the highest bidder. A new drug hits the streets and a child disappears near a haunted house, and the only lead is a group of neighborhood kids. A seemingly immortal vigilante is killing jaywalkers and speeders. People are dropping dead in the streets for no apparent reason.

It's all in a night's work for a Hudson City vigilante.

This book contains six action packed adventures for use with *Dark Champions*<sup>™</sup> and the *Hero System*<sup>™</sup>. Test your vigilantes' mettle and give your players what they really want—Heroic Adventures!
