You can get anything at the mall. But what good will the bounty of American consumerism do you when the dead walk again, and naught will satisfy them save the very flesh from your bones?

*Mall of the Dead* is the latest in the *Floor Plan* series. Eight large, double-sided maps give you the entire layout of the multi-level mall. The maps use 1" square grid on one side, and 1" hex grid on the other, so the maps are equally useful for *GURPS*, *d20*, and many other systems.

*Mall of the Dead* also includes a sheet of *Cardboard Heroes* miniatures (featuring a zombie Santa Claus!) and adventure seeds.
