INTRODUCTION

Steve Jackson Games made its debut on Kickstarter in 2012 with *Ogre Designer's Edition*. This project set a Kickstarter record en route to \$923,680 in pledges and 31 stretch goals achieved. Among those stretch goals was the creation of eight new scenarios by Steve Jackson in support of the game.

We are now pleased to present *Ogre Scenario Book 3*. Do you have what it takes to survive the *Dogpile*? Perhaps you'd like to compete in the *Ogrelympics*? These and seven others are all here for your enjoyment.

Ogre Designer's Edition contains all the maps and counters necessary for playing these scenarios. Most may be played with *Ogre Sixth Edition* and *Ogre Reinforcements* as well.

Unless the scenario's rules specifically state otherwise, players should use the ramming rules found in either *Ogre Designer's Edition* or *Ogre Sixth Edition*, section 6.00, for scenarios using the *Ogre* map. Likewise, for those scenarios using the *G.E.V.* maps, players should use the overrun rules found in *Ogre Designer's Edition*, section 8.00, unless specifically instructed otherwise.

ABOUT OGRE

Ogre, and its sequel *G.E.V.*, have spawned a number of expansions, including *The Ogre Book*, and ultimately, *Ogre Designer's Edition*, as well as other games in the *Ogre* universe including *GURPS Ogre*, *Ogre Miniatures*, and *Ogre: Objective 218*. Currently, *Ogre Sixth Edition* and *Ogre Reinforcements* carry on the proud tradition of the *Ogre* line.

Ogre continues to grow, and we will be happy to let you know what's new. The *Ogre* home page is sjgames.com/ogre. Please visit it for scenarios, history, and other info on the *Ogre* universe.
